Re: Sidewalks for the Plymouth Area

Dear Warden & Council,

The citizens of Plymouth have been endeavoring to make improvements to our community by having sidewalks installed since the early 1990s and interest in this project has continued to be strong throughout the years. The community convened a meeting on Tuesday, December 4th to hear input from citizens that resulted in a unanimous motion to put forward a request to the Municipality, asking for their consideration to have sidewalks constructed on Highway 334 from Plymouth School to the Newell Road.

Citizens expressed serious safety concerns with respect to highway issues such as narrow road shoulders, vehicle speeding and heavy truck traffic, making conditions very dangerous for both pedestrians and bicyclists. These concerns have greatly limited the utilization of the highway when it should be used extensively to help promote healthy living. If constructed, Plymouth School would be located adjacent to the project and would act as a catalyst for greater use of these sidewalks by providing parking and a base for related community events.

In conclusion, we respectfully ask for your consideration of our request. If possible, we would appreciate it if we could be added to the agenda for the Council meeting scheduled for Tuesday, January 8th.

Steering committee:
