Dear Councillor Boudreau,

L'Association des Acadiens-Métis Souriquois (AAMS) is a culture based non-profit organization based in Southwest Nova Scotia principally operating in the Acadian regions of Argyle and Clare.

Comprising of over eighteen hundred proud Acadian Métis members, AAMS depends entirely on goodwill dues and charitable donations. Thousands of volunteer hours are logged yearly to keep AAMS functioning as a non-profit organization. Due to the pandemic, the association's work in the last year continues, but mostly behind the scenes,

The AAMS board of directors wishes to express their sincere thank you for the \$500.00 grants received in the past and formally requests to be considered for another such operational grant this year. Past grants from the municipality of Argyle have been extremely helpful in fulfilling our operational needs and goals.

Congratulations on winning the municipal election.

I trust this letter finds you well, in good health and fine spirits.
